

FOR USE WITH AGILENT TECHNOLOGIES GC & MSD SYSTEMS

INTEGRITY MAX L/T SERIES UPS LINE

Our new NXT Power Integrity Max L/T is a true online double conversion UPS. Its sleek, forward-thinking, and ergonomic design provides stable and uninterrupted power for your mission-critical application with industry-leading efficiency, durability, and performance.

POWER QUALITY YOU CAN RELY ON

The industry-leading UPS Line is built to power sophisticated computer loads—systems with high inrush current and high crest factors—which eliminates oversizing and reduces operating costs.

SUITABLE FOR USE WITH:

- > Clinical Diagnostics Application
- > Analytical Laboratory Systems
- > Sophisticated computer loads
- > Industrial Microprocessor Equipment

SUPERIOR POWER PROTECTION BENEFITS & FEATURES

- Help your customers protect their electronic systems and ensure uninterrupted uptime all day, every day
- Enjoy peace of mind knowing equipment is protected from problems due to common-mode voltage, power outages, spikes and transients, and more
- UL Listed and CE marked
- .9 Unity output power factor
- Stable output over a wide range of input voltage and frequencies
- Online double conversion topology
- Product line options range from 2 kVA/120 volts and 3 kVA/120 volts
- All models include NXT Power three-year warranty on batteries electronics with advanced replacement.
